PRESS RELEASE

GRIT INTERNATIONAL INC., ANNOUNCING NEGOTIATIONS FOR BLASTING AND PAINTING ORDER FOR \$12.0 MILLION

GRANDE PRAIRIE, AB, Monday, June 22nd, 2009: GRIT International Inc, ("GRIT") (FRANKFURT: 3GR1) announcing that it is in negotiations of securing a Manufacturing/Blasting and Painting Order for Oil & Gas Utilization in the sum of \$12.0 Million.

It has been the mindset and directive of GRIT's board to fulfill its mission and objectives hereby appealing to its customer's interests. Offering solutions in these depressed times; and assuring quality standards are maintained throughout.

GRIT has been diligently working towards enlightening customers that costs can be more controlled systematically over a term-period versus placing a large order to be filled all at once.

Negotiating for a two (2) year contract order will provide the customer a more averaged price cost.

Benefits to GRIT's Shareholders are monumental; the ability to average supply costs, the integration of working in new technologies, systemizing and streamlining efficiencies that will provide consistencies in product output. With new "IT" being integrated, product volumes can be increased, resulting in higher profits that can be sustained over longer periods of time.

GRIT INTERNATIONAL INC. GRIT International Groups Inc is a Canadian based company. Its goal is to become one of North America's major Industrially Specialized Service Providers in the Composite Abrasives Blasting & Paintings/Coatings Sector; seeking to set service standards in Craftsmanship and Quality, with service continuity and product guarantees.

Safe Harbour Statement under the Private Securities Litigation Reform Act of 1995: The statements contained herein which are not historical are forward-looking statements that are subject to risks and uncertainties that could cause actual results to differ materially from those expressed in the forward-looking statements, including, but not limited to, certain delays beyond the company's control with respect to market acceptance of new technologies or products, delays in testing and evaluation of products, and other risks detailed from time to time in the Company's filings with the Securities and Exchange Commission.
